#### WAR AT ROUND POND.

Arrest of a Number of the Prominent Citizens.

There is grave danger that the two towns of Round Pond and Pond Creek, Oklahoma, may yet be wiped out of existence unless something is done right speedily to settle the difficulties existing between the Rock Island and the citizens of that vicinity.

Yesterday afternoon eight of the most prominent citizens of Round Pond, were arrested and bound over to the United States court, charged with obstructing the United States mails.

These arrests are the direct result of the actions of the citizens of Round Pond a week ago in tearing up 900 feet of Rock Island track.

Before tearing up the track a wagon had been placed on the track, which was demolished by the morning train. The track was then turned over, and when the next stock train came along, it was wrecked and 27 head of cattle were killed outright, while others injured, died the day following. The citizens who had torn up the track sent a man to warn the train but the train men had orders not to stop for any but their own signals and they ran into the torn up embankment causing a wreck.

Feeling runs high and every man who enters either of the towns is searched and placed under guard.

The men arrested are, J. W. Berryman, banker; Williams, a livery man; County Commissioner Cox; City Marshal Ham; Franklin, a grocer; Barker, a real estate man; Koch, a brick dealer, and a painter named Dell Zell.

The Rock Island station is Pond Creek, and the postoffice is Jefferson, while the postoffice of the town of Round Pond is known as Pond Creek.

Ex-Chief of Police John Gardiner, who is in charge of the Rock Island detective forces, says there is likely to be serious trouble at any time.

An attempt was made a few days ago to lynch John V. Moffitt, who is the mayor of Round Pond, but his friends rescued him.

#### THIRTY-TWO HOURS A WEEK.

Another Reduction in the Time at the Santa Fe Shops.

A notice was posted this morning at the Santa Fe shops announcing that the shops will be closed all day tomorrow, Friday, the 15th. This, the men fear, is the forerunner of a regular layoff each Friday, and the cutting down of their hours to thirty-two per week.

Mr. Frey, the general manager of the road, said to a JOURNAL reporter at noon today that the layoff had been ordered for two Fridays this month, and that that was all the additional layoff that had as yet been decided on by the officials.

Today's order will give the employees work for only four days each week and days of only eight hours, making their new week only two hours over half a regulation week.

The best paid of them at thirty cents an hour, less 12 cents a week hospital assessment, have for their week's work \$9.48. The men who are working at 12 cents an hour, under this reduction of time receive, after their hospital assessment of six cents is deducted, \$3.96 a week. Some of the men who are getting \$3.96 a week have families.

#### ICE AT HALF RATES.

Why Pay Two Prices for the Summer Season?

Jones & Whitney are not in the "ice combine." They are delivering the best of manufactured ice at ten pounds for five cents, about one-half the price charged by other dealers this season. The ice is no better this year than last, and the pounds are no heavier, so Jones & Whitney, of 121 West Sixth street, believe the price should be no higher than last season.

They should be encouraged in their efforts to break an unreasonable price in two, giving the people the same ice for half the money.

**DANIELS' TURNING DOWN.**

What the Lieutenant Governor Has to Say About It.

Lieutenant Governor Daniels said today: "I am not surprised that the convention turned me down. I expected it, but I do not see why they should have turned down my resolution for a graduated property tax. It was passed by the last senate and the Dunsmore house and I suppose there would be no doubt about its adoption."

"I had always intended to go before the convention but I said that if I accepted the nomination it would be as an independent. The action of the convention does not change my position but I have nothing to say about what I will do in the future."

#### NO WHEAT THERE.

Ben C. Rich Says the Crop West of Ellsworth Has Perished.

Ben C. Rich, who was secretary of the Populist state convention, is more interested in the condition of crops in western Kansas than he is in the success of the Populist ticket. "We haven't had any rain this summer," he said. "There is very little wheat west of the line of Ellsworth county and thousands of acres will not be harvested at all, and the rest won't make as much as the seed sown. Things are looking very dark for western Kansas and a great many people will be forced to emigrate very soon."

**PRIVATE BILLS PASSED.**

The Senate Transacts Some Routine Business Before Resuming Tariff Debate.

Bills were passed as follows: To pay Joseph Redfern, one of the Ford theater victims, \$2,738; to authorize the appointment of women as public school trustees in the district of Columbia; for the development and encouragement of silk culture in the United States; to pay the heirs of James Bridger \$6,000; a bill for the relief of the heirs of John Weightman, passed some time ago, was on motion of Mr. Quay, considered and recommended.

When the tariff bill was laid before the senate Mr. Lodge took the floor with an argument against free wool.

#### SOCIAL AND PERSONAL.

Items of Interest About Topeka People and Visitors in Town.

Mrs. Fred Freeman and Miss Freeman gave a reception yesterday afternoon for Mrs. H. A. Davidson and Miss Waugh, of Texas, and Miss Herron, of Kansas City, and about one hundred smartly gowned women gathered in the cool parlors, between the hours of two and six o'clock.

The appointments of the affair gave evidence of taste and culture, and each apartment was a study in itself. Pink and red roses were effectively combined in the first parlor, and in the second, jardiniere overflowed with yellow eye daisies. Exquisite purple and white daisies adorned the walls and mingled with bric-a-brac on the cabinets in the library. A punch bowl stood on a daintily spread table, from which Miss Daisy Starr in a white silk gown, and Miss Zona Freeman in a red and white figured chaille, dispensed a refreshing beverage. The dining room was charming, with sweet peas and ferns; in the center of the table a bowl was filled with the delicate blossoms, and ferns were scattered here and there on cloth. Miss Margaret Beas and Lucille Mulvane in swiss muslin frocks presided here.

Mrs. K. E. Freeman, Mrs. S. J. Bear, Mrs. Speed Hughes and Mrs. Fred Cole assisted, and in the receiving party were Mrs. Freeman in a white, figured silk gown with velvet trimmings, Mrs. Davidson in pink crepe and moire, Miss Freeman in grey silk and lace, Miss Waugh in satin striped, and the cool breeze of a lovely June evening put in motion, the flowers arranged in profusion everywhere.

Notwithstanding the indolent tendency prevalent these days, the game was lively, and closely contested. Miss Horner and Miss O'Brien cut for first prize, and as a result the former was presented with an exquisite after-dinner coffee cup and saucer.

The honors were divided between four gentlemen, Messrs. Furry, Dick, Hagan and Dunlap, and as Mr. Dunlap was lucky he received a silver match box.

The guests were: Misses Kate Gunther, Margaret Mulvane, Mable Horton, Ollie O'Brien, Madge and Mabel Johnson, Theresa Rossington, Myra Williams, Sophia Leavitt, Edna Best, Mary McCabe, Lillian Gemmill, Mary and Irene Horner, Virgie Mulvane, Carrie Bartholomew, Jennie and Cordelia Price, Julia Walker, and Miss Campbell; Messrs. #### BREIDENTHAL'S MEN.

Meeting of the Populist State Central Committee Today.

All the state officers kept open house today and received the congratulations of their friends. The state house was swarming with Populists all forenoon, who were waiting for instructions from the state central committee before returning to their respective counties.

The state central committee met in the office of the superintendent of insurance and held a conference with the chairmen of the central committees relative to the condition of the Populist party in their various counties.

The chairman, J. W. Breidenthal, was elected by the state convention. The committee elected R. H. Semple chief clerk in the bank commissioner's office, as secretary, and assistant secretary of state D. C. Zercher was re-elected treasurer.

Mr. Semple has resigned his position in the bank commissioner's office to take the position on the committee.

**STARVING AT TOLEDO.**

Six Hundred Polish Workmen Ask for Work From the City.

TOLEDO, O., June 14.—A procession of 500 or 600 unemployed Polish workmen marched down Lagrange street last evening. Before the procession had reached Cherry street the police authorities had been notified and the riot alarm was turned in.

There were no troops to respond to the call and the night policemen were slow to realize that they were wanted. All the available police were at once sent to the corner of Superior and Adams street, which was regarded as the objective point of the marchers.

A delegation was appointed by the men to call on the mayor and inquire of him if the \$100,000 of park bonds could not be sold and the money used to give the men work. Mayor Croker explained to the committee that he was as powerless as any other individual to help them in the matter of furnishing work.

The report soon spread and the Poles had decided upon an uprising and were going to capture the city, because the troops were absent. The men are without work and their families are starving.

Resigns From the Manhattan Club Before His Departure.

NEW YORK, June 14.—Just previous to his departure, Richard Croker resigned his membership in the Manhattan club. No reason was given for this action. Frederic R. It was said that Mr. Croker had also resigned from the Tammany hall organization in the twenty-first assembly district.

Politicians are at a loss to understand the motive for the ex-Tammany leader's severance of political ties.
